TRAILER SERIES JETTERS

# VECTOR® RAMJET® TRAILER AND SKID MOUNTED SERIES

The Vector Ramjet jetter series are the perfect machines for fast, safe response to sewer blockages as well as regular preventative line maintenance. The line of reliable, high-pressure water jetters are specially designed for cleaning municipal sewer, drain and pipe lines and culverts. Vector offers a full line of trailer and skid-mounted jetters available with a variety of engine and pump configurations, water tanks up to 1000 gallons, and a wide range of optional equipment. The Ramjet units are designed to provide high pressure at low water volume and are ideal for cost effective maintenance and emergency response in tight, confined environments.

Each unit is backed with application expertise, service, parts and training from Vector's expansive North American dealership.
